DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-7, 14, 15 & 19-27 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claims 2 & 20, the phrase "such as" renders the claim indefinite because it is unclear whether the limitations following the phrase are part of the claimed invention. See MPEP § 2173.05(d). Regarding claims 2 & 20, the phrase "for example" renders the claim indefinite because it is unclear whether the limitation(s) following the phrase are part of the claimed invention. See MPEP § 2173.05(d). Claims 1-7, 14, 15 & 19-27 are considered improper because they do not include any transitional phrases. These claims are unclear to the examiner because there is no transitional phrase separating the preamble from the body of the claim. As a result, the examiner is not able to determine the "Metes and Bounds" of these claims. Please see MPEP 2111.03 for further guidance and acceptable transitional phrases. Also, after inserting the transitional phrase insert a colon (:) in order to separate the preamble from the body of the claim. Claims 1-7, 14, 15 & 19-25, recite "i.e" terminology. The examiner is unsure whether this claim language is a part of the limitation or not. Clarification is needed.
